Mailing Address: No 157, Taman Layar Impian, 89208 Tuaran, Sabah

PROFILE

A final year Software Engineering student at Universiti Malaysia Sabah, actively seeking an industrial training placement to apply and expand knowledge in software development.

Demonstrated commitment through active participation in faculty and university programs, holding committee and participant roles. Engaged in KOR SUKSI uniformed units as a co-curricular activity and attended various professional development workshops including an Organizational Management Workshop, BeDigital Bootcamp (Miniseries) by Petronas, Huawei-UMS Career Bootcamp, and Protege Carnival @ KUSKOP.

Motivated to excel as a Software Engineer, Website Developer, or in related roles within organizations in Malaysia, eager to acquire new skills and create a positive impact.

EDUCATION

Universiti Malaysia Sabah (Oct 2022 - Present)

- Bachelor of Computer Science with Honours (Software Engineering) - Graduating in Dec 2026
- Current CGPA 3.51 for 6 semesters
- Deans' List for 4 semesters

Labuan Matriculation College (2021 - 2022)

- Module III in Science Major (Computer Science)
- Achieved CGPA 3.46
- Achieved MUET Band 4.5

Sm St John, Tuaran (2016 -2020)

- Sijil Pelajaran Malaysia (SPM)
- Science Stream
- Achieved 5A 2B

EXTRA CURRICULAR ACTIVITIES

LEADERSHIP ROLES:

- External Relations Exco Secretariat for Persatuan Mahasiswa Fakulti Komputeran dan Informatik (PMFKI)
- Youth Development Exco Member for Kelab Rakan Masjid UMS (KRM)
- Platoon Leader for Skuad 18 KOR SUKSI UMS
- Team Leader of sponsorship unit for FKI Pet Therapy Program
- Committee member for the Into The Industry 3.0 program
- Committee member for BaktiSuksis program 2024 at SMK Pinawantai, Kudat
- President of the Sahabat Al-Irfaan Committee in Labuan Matriculation College

VOLUNTEERING & INTEREST:

- Volunteering in the Iftar Program held by Pusat Islam UMS
- Volunteering as a crew for Borneo International Marathon 2025
- Participant of Crime Prevention Carnival & Blood Donation Campaign in Commemoration of the 217th Police Day 2024
- Participant of Understanding Stock Market 101 Seminar
- Participant of BeDigital Bootcamp (Miniseries) by Petronas
- Actively participated in 5 running events held within and outside of UMS

KEY ACCOMPLISHMENT

- Awarded as the best trainer overall from UMS during the 21st KOR SUKSI Inspector Appointment and Graduation Parade Ceremony 2025 at Universiti Teknikal Malaysia Melaka
- Led and drove registration units for the 10th Borneo Fiqh Convention, successfully achieving 400 participants from UMS students, other institutions, and the public
- Developed eKAFA PIUMS, a School Management System, as a Final Year Project to streamline and digitize management tasks

WORK EXPERIENCE

SICC: Part-Time Banquet Service (2024 - Jun 2025)

- Received training in event preparation, customer service, and time management, to team flexibility and overall event success.

Food Delivery Service (2023)

- Worked as a rider for a cafe at UMS, delivering food orders efficiently across the campus.

Jersey Reseller (March 2022 - Oct 2025)

- Developed and executed sales strategies for jersey reselling among UMS students each semester.

PROJECT EXPERIENCE

Web-Based E-KAFA PIUMS System (Final Year Project) : Feb 2025 - Present

- Developed a web application to replace traditional methods for managing KAFA workload, digitizing operations
- Designed and implemented web applications using the Yii 2.0 MVC framework, JavaScript, PHP, CSS, and MySQL for the database.
- Utilized Laragon as an environment development
- Enhanced development processes through the use of Git version control.

Kindergarten Management Mobile App : March 2025 - July 2025

- Created a basic mobile application for kindergarten setting, allowing teachers to manage student data, attendance, class assignments, and payments efficiently
- Developed using Kotlin programming language, Jetpack Compose for UI, Room Database, MVVM architecture and Material 3 design system

SKILLS

- **Computer Science:** Object-Oriented Programming (OOP), Data Structure & Algorithm, System Design, SDLC, Git, GitHub, Visual Studio, Eclipse, Android Studio, Figma, Basic Programming
- **Programming Language:** Java, C++, Python, HTML, PHP, JavaScript, CSS, Kotlin
- **Database & Data Analysis:** Database Design, Database Management, SQL, ERD, Data Modelling, System Analysis
- **E-Commerce:** Web development, Yii2 MVC Framework, Web Design
- **General Industrial Skills:** Microsoft Office, Google Workspace, Teamwork & Collaboration, Time Management, Problem Solving, Cloud Storage, Report Documentation, CapCut for Video Editing, Canva for Photo Editing, Writing Report, Follow Instructions, Detail-Oriented
- **Language:** Malay and English

COMPETENCIES

- **AGILE & ADAPTIVE:** Learned and applied a new MVC framework (Yii 2.0) to successfully complete a final year project, demonstrating rapid technology adoption and the ability to learn new software and technologies quickly
- **BUILDING COLLABORATIVE RELATIONSHIP:** Led the registration team for the 10th Borneo Fiqh Convention, ensuring the achievement of participant targets through effective coordination and collaboration, demonstrating teamwork
- **CRITICAL THINKING & CREATIVITY:** Developed comprehensive system analysis and system design documentation from initial concept to completion for a final-year project, showcasing strong software design capabilities.
